Dear Mr. Dulles:

The amount of \$7,133,680 has been programmed by this Service for construction of the George Washington Memorial Parkway from Spout Run to Langley, Virginia, of which \$5,870,830 is scheduled for obligation during the 1957 fiscal year. Of the total amount scheduled for obligation prior to June 30, 1957, \$2,750,000 has been transferred from your agency to date, leaving a balance of \$3,120,830 yet to be transferred during 1957. Obligations already incurred and those anticipated prior to March 31 will exceed the amount now available for construction work on this Parkway.

In accordance with Budget Officer Mason's letter of December 10, 1956 to Mr. Bayliss of this Service, the Bureau of the Budget has approved apportionment of funds for this Service, in the amount of \$4,706,320 through March 31, and indicated that advance of funds would be made on a quarterly basis in conformity with the approved apportionments.

Therefore, it will be appreciated if you will effect the transfer of an additional \$1,956,320 to bring our fund resources up to the approved apportionment, and to provide for the letting of contracts now pending or anticipated for execution prior to March 31.

Sincerely yours,
